It looks perfect! Congratulations! You may want to give people some directions as to where you found it. I'm flying to Costa Rica in the morning, or else I'd be at Greenfield first thing!

To: PABIRDS@LIST.AUDUBON.ORG Cc: Subject: Pink-footed Goose: Greenfield, Lancaster County 3-1-04 Sent: 3/1/04 9:14 AM Importance: Normal

Howdy All,

After driving right pass the Greenfield complex yesterday afternoon on the way home from Delaware I was a bit dismayed to learn about the pf goose sighting in Lancaster upon my arrival home.

Even though I stayed up late to watch the Lord of the Rings Awards I roused myself at 0530 to make the trip down to the Greenfield pond. I arrived at 0620 and within 5 minutes had the bird. The pond is fairly small so scanning it with binoculars is fairly easy. I watched the bird for a few minutes then checked out the other waterfowl present. At 0640 approximately 33% of the geese took off for breakfast with the pf goose being one of them.

I made a food pit stop at Mickey D's and returned to the pond just after 0700. Jeff Karnicky was there looking for the bird and I told him of my experience. I was most appreciative of Jeff's quick posting and quick thinking to check the internet for reference concerning this bird.

By the way, for those of you coming from the west, on US RT 30 east, the turn-off for the Greenfield complex is the THIRD traffic light, the first is a signal for the Rt 30 interchange, the second is for Hempstead Road and the third is for William Penn Way.

Take care and Good birding, Raven a.k.a. Deuane Hoffman
