County	Lehigh
Location (City, Borough, Township)	Breinigsville
Exact Site (E.g. Name of park, lake, road)	Trexler Rd.
Habitat	Tall grass/weeds and small trees
Distance to bird	20 to 30 feet
Viewing conditions	cloudy but good lighting
Optical equipment used	Nikon 10x50 binoculars and Nikon D500 camera with 100-600mm Sigma lens
Description	Smaller and paler than Great Crested Flycatcher. Dark bill, Rufous color in wings and tail, double wing bars
Behavior (be as detailed as possible about what the bird was doing)	First seen in a 10-12' tall tree along side of Trexler Rd. Then flew into high dried grass and weeds. Flew out of weeds to edge of the weeds, on the ground. Then flew to the original tree it was seen in. While in the tree it cocked it's head to the side a few times and made a few short chip notes.

Are you positive of your identification ? (Why or why not)
