Description	<p>This adult male Painted Bunting returned to overwinter at this home for the second straight winter. It made its first appearance on 17 Dec 2017 and continued to 13 Apr 2018 according to communication with the homeowner. Cell phone photo taken 17 Dec 2017 attached was provided to me by the homeowner and is included with permission. Time of observation is arbitrary at 12 noon. The original report of this bird for the 2016-17 winter was made by Anne Hurst with her photograph, which is much better than this one. GPS coordinates are approximate to the address.</p>
