(OVER)

- Description Of Raptor (prior to consultation of field guide)

a. General Impression - size, shape, flight characteristics (glide, soar, wing beat, etc.), compare to known raptors.

In Kettle of Broadwings (70) it was noticeably larger longer winged lighter. Held wings different, straighter almost forward with pointed wing tips

b. Specific Description - Indicate observed field marks, vocalizations, etc. Sketch, if helpful.

Creamy Belly wing linings
barred tail

c. Remarks

Light Phase imm.

⊛ noticed overall size difference compared to broadwings lighter below & specifically pointed wing tips; no belly band noticeable RC.

- Prior experience with this species: 10's of
Seen thousands in the west and have banded many! (over 200) Vera Cruz, Alaska

- Field Guides consulted: None
